Linnda Durré, Ph.D.

To Whom It May Concern:

It is with great pleasure and enthusiasm that I recommend Monhand Mathurin, who was one of my board operators and an assistant producer for my daily, hour long, live radio interview show, "The Linnda Durré Show," which I hosted and produced on Orlando's WEUS 810 AM radio www.big810am.com, from September 8, 2009 to July 2, 2010. My celebrity interviews streamed live on global audio.

Some of our guests included: golf legend Arnold Palmer, Oscar, Emmy and Golden Globe winner Louis Gossett Jr.; seven time Emmy and five time Golden Globe winner Edward Asner; film producer Mike Medavoy, actors Paul Petersen, Lydia Cornell, Justin Shenkarow, and Cindy Morgan; Tony Award winner and producer, Hillard Elkins; comedians Colin Mochrie, John Roy, Elon Gold, and Pat Carroll.

Some of our musical guests have included: Kenny G, The Canadian Tenors, Ottmar Liebert, Peter Cetera, American Idol winner Ruben Studdard, 15 time Grammy winner David Foster, Dove Award winner, Michael Puryear; country legend Lynn Anderson, and The Oak Ridge Boys baritone William Lee Golden.

Monhand Mathurin demonstrated the highest commitment and dedication to his job. He has a serious, active approach to his work. He was flexible, dealing with the occasional audio challenges on a daily live show. He consistently had good ideas for guests and hooked them. He was able to find unique sound clips for our show. He took feedback and suggestions well. He was always eager to learn and to expand his knowledge. He was well liked by his fellow board operators and assistant producers. He was cooperative and always went the extra mile.

He is dependable, a good communicator, and fun to work with. I highly recommend him for any board operator job, sound engineering and assistant producer position for which he may apply. Any company would be fortunate to have him on their staff. I would hire him again for any show I did.

As to my other credentials: I have been a licensed psychotherapist since 1978, as well as a former adjunct psychology professor at Rollins College; a business and corporate consultant, national speaker; magazine, Internet, and newspaper columnist; published author, expert witness, sports performance consultant, TV and radio talk show host, and media guest. I was selected from 200 applicants in a national search to host the live two hour program, "Ask The Family Therapist" on America's Health Network, a national cable network associated with the Mayo Clinic, airing from Universal Studios in Orlando. I have hosted three radio talk shows and two call-in TV shows, and appeared on 60 Minutes, Oprah, The Today Show, GMA, O'Reilly, Canada AM, and the national and/or local news on NBC, ABC, CBS, NPR, PBS, CW, and Fox.

As a corporate consultant, I have worked with Fortune 500 companies, written for Forbes, Monster, and my column, "The Doctor Is In," appeared in the Orlando Business Journal and American Cities Business Journal and is on their website, www.bizjournals.com. My book, *Surviving The Toxic Workplace: Protect Yourself Against Co-Workers, Bosses, and Work Environments That Poison Your Day*, was published by McGraw Hill on February 19, 2010 and is on their website, Amazon, Borders and BN.

I highly recommend Monhand Mathurin, a great addition for your staff. Please call me with questions.

Sincerely,

Linnda Durré, Ph.D.
